MDIG of Washington Continues Expanding Radiology Footprint

Phoenix, AZ – April, 22nd 2019 Medical Diagnostic Imaging Group of WA (MDIG) announced they would continue expanding in the state of Washington through their partnership with Kittitas Valley Healthcare (KVH) Hospital. MDIG of Washington was awarded the professional services agreement to provide Sub-specialty Diagnostic Radiology services for the patients of KVH Hospital. Located at the heart of Kittitas County in Ellensburg, Washington KVH Hospital provides a wide range of services including inpatient and outpatient diagnostic imaging. Effective April 22nd, 2019 MDIG will be the exclusive professional radiology services provider for the Kittitas Valley Healthcare Hospital.

“MDIG of Washington is proud to have been granted the opportunity to join KVH Hospital in providing the best possible patient care for residents of the Kittitas Valley. With 24-hour emergency care, both inpatient & outpatient services available at the hospital MDIG will work to satisfy all the professional radiology service needs of the Kittitas Community. We view this as the beginning of a long-term relationship designed around our shared philosophy of providing the best possible patient care to the communities we serve” said Patrick F. Santore, CEO of Medical Diagnostic Imaging Group. KVH Hospital is the second facility to partner with MDIG in the state of Washington.

Rhonda C. Holden, Chief Ancillary Officer of Kittitas Valley Healthcare Hospital stated, “We are delighted to partner with MDIG because of their expertise in the field of radiology and commitment to patient care. A dedicated radiologist on-site M-F will permit us to provide additional services not previously available to the KVH community. We are confident that MDIG will provide our patients and physicians with an enhanced level of care”
